RE: HEARING APPLICATION
Apache Corporation -
Overholt 19 No. 2 - Alt. Well
HA RC SUX
East Haynesville Field
Claiborne Parish, Louisiana
Our File No. 210334.0018

Dear Sir:

On behalf of APACHE CORPORATION, application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Haynesville Sand, Reservoir C, in the East Haynesville Field, Claiborne Parish, Louisiana:

1. To permit the Applicant to drill, designate and utilize an additional alternate unit well for HA RC SUX, at the location shown on the plat attached hereto, in exception to the well spacing provision of Office of Conservation Order No. 105-J-2, effective October 23, 1990.
2. To explicitly find that the proposed alternate unit well is necessary to drain a portion of the Haynesville Sand, Reservoir C, in the East Haynesville Field underlying HA RC SUX, which cannot be efficiently and economically drained by any existing well in such unit.
3. To provide that the unit allowable for HA RC SUX may be produced from either the unit well, the alternate unit wells, or any combination thereof, at the operator's discretion.
4. To provide for such other matters as may be appropriate and justified by the evidence presented at the hearing.
